

3rd Grade Summer Reading List

We believe that summer reading should be enjoyable and driven by student choice. The books listed above are from a variety of genres, as well as reading levels. Students should be able to choose a 'just right' book; however, parents will most likely need to help in choosing an appropriate text.

Students should choose 2 books from the list, preferably from different categories. Students should be prepared to share their readings with classmates and write about the text.
